A Heritage Hotels & Resorts Property

An Authentic Native American Experience

NATIVO LODGE

Designated the “Artsiest Hotel in America” in 2018 by World Property Journal, Nativo Lodge can only be described as a work of art in itself. Each of our guestrooms draws inspiration from the cultural aspects of the region’s Native American heritage — over three dozen of which have been completely transformed into large-scale installations of art. With authentic décor accents — such as the totem poles leading to the front entrance, the lobby shaman, and even a full-scale teepee — the atmosphere is rich in artistic expression blended seamlessly with modern comforts.

ACCOMMODATIONS

Immersed in accents inspired by Native American culture, each of our guestrooms incorporate authentic elements from the rich indigenous heritage of the surrounding area. A multitude of room configurations feature carpet inspired by Native American weavings, dreamcatchers that hang over the beds to guide a restful experience, and a unique blend of timeless design with modern conveniences.
